# ALLIES OKH GERMAN LOAN BY NATIONS

LONDON, March 4.—The Evening Standard says the allied supreme council has decided to allow Germany to launch an international loan, because it is recognized that Germany ruined would mean a weak and dangerous spot in Europe.

The loan, the newspaper says, would take precedence over any emergency payments Germany is called upon to make.

Lloyd George was asked on what date America had definitely refused to accept a mandate for Constantinople and whether America had been consulted concerning the Turkish peace terms. The premier replied that the United States did not definitely refuse to accept the mandate but had withdrawn from the discussions. The peace terms with Turkey are still under discussion, he added, and the American government has declined an invitation to be present at the conference.

## HAPSBURGS SHUT OUT

PARIS, March 4.—Members of the supreme council are determined to adhere to the decision to allow the Hapsburgs restored in either Austria or Hungary. It is said in conference circles that the Hapsburgs are not to be considered for the appointment of Admiral Horthy as Hungarian regent means the return of the former rulers of that country.

Recognition of the soviet government in Russia has been discussed but no definite conclusion has been reached. It is recognized that all the allies have an option of beginning trade with Soviet Russia if they will.

The council is believed to oppose any plan to maintain a Turkish armed force larger than 25,000, and may insist that the army be considerably less than this figure. Some members are said to favor refusing Turkey a standing army in any form except under officers appointed by the allies. Questions relative to Turkey will come before a special meeting of the league of nations council today.

## WORLD REVISE TREATY

Premier Nitti has formally demanded that the council of premiers revise the treaty of peace with Hungary, "Pettinax," the political editor of the Echo de Paris, cabled today.

The Italian premier, according to the French writer, who usually is well informed, asserted that the allies Hungary now within the boundaries of Serbia, Rumania, and Slovakia, must be incorporated in the new Hungarian nation.

# WIDOW WILLED STETSON ESTATE

The entire estate of the late John W. Stetson, which is estimated at from \$50,000 to \$100,000, is left, in a will filed today, to the widow, Mrs. Alice Harlan Stetson. That the widow's intention might be made particularly plain a clause in the paper reads: "I intentionally make no provision for my son Edward."

The will was drawn on December 12, 1918, and was witnessed by Judge James G. Quinn and Trelia Chisholm. In it Charles O. Cutten is named as executor and Cutten's consent to act in the capacity was filed with the document.

A T. Shine attorney, filed the will Stetson died on February 21, following an operation. The widow lives at 367 Lenox avenue.

# Prominent Woman Divorces Navy Man

INDIANAPOLIS, March 4.—Mrs. Adelaide P. Timmons, daughter of the late Charles Warren Fairbanks, former vice-president of the United States, today was granted a divorce from John W. Timmons. In her petition she stated that she was married to Captain John Timmons, U. S. N., September 19, 1903 and separated July 14, 1917. Non support was the legal ground for desiring the divorce. She asked for custody of her maiden name.

British Aliens in Honolulu Worried

HONOLULU, T. H., March 3.—Acting Governor Curtis P. Iauken was requested today by the British consul general here, William Royds, to state whether the territorial government will take in relation to a resolution recently adopted by the territorial American Legion convention opposing employment by business concerns of aliens who become permanent residents but fail to be citizens.

# Turkish Cabinet Resigns As Entente Threatens to Dismember Moslem Nation

BY ASSOCIATED PRESS. CONSTANTINOPLE, March 2.—In view of the gravity of the situation, the cabinet resigned today. The sultan has called upon Marshal Zetef Pasha to form a new cabinet.

Pasha is a partisan of Mustafa Kemal Pasha, the leader of the Turkish Nationalists. His designation as head of the new cabinet is regarded here as a distinct triumph for the Nationalists over the sultan and the more conservative leaders.

The Turkish situation has been growing in seriousness recently from several causes. The allied supreme council has almost completed its draft of the proposed peace treaty for Turkey through which the Turks are to be deprived of their centuries-long control of the Dardanelles and the Bosphorus and lose territory comprising approximately one-fifth of the nation's population.

With a view to stopping the re-

newed massacres of Armenians the allies have sent strong naval reinforcements to the Dardanelles so that their guns command the parliament buildings and the sultan's palace.

Another serious factor is the Nationalist movement headed by Mustafa Kemal Pasha, which threatens the overthrow of the government if allied demands are met.

The cabinet was formed last October.

# Ouija Board Rites Drive Six Mad, Police Declare

(Continued from Page One.)

morning maintained her belief in the ouija's powers, was charged with her long hair in an effort to appease the spirits and a quantity of old clothing and jewelry was burned. Once the door of the shuttered house opened long enough for one of the girls to dart outside that he might seize a small child, who was kept a captive until the police arrived an hour later to find her brown curls had been plaited into a braid.

Adeline Bottini, a 15-year-old girl and one of the most frenzied of the number, gave to the fire most of the clothing on her body and was left but bare when the officers came.

Neighbors who saw the closed blinds and who had heard that Mrs. Bena was being kept inside against her will, grew restless as the day wore on. They knew of the ouija seances, but realized that this one was the most protracted of the many that had been conducted. Today they had been standing about in front of the store near the Moro house denouncing the wood and pointer that brought the trouble and recognizing the tragic history of the leader, Mrs. Moro.

## ANGER OF DEAD MAN IS FEARED BY WIDOW

It was a year ago that Moro died and his widow took to her bed. The board will drive away evil spirits. Do you think we look like maniacs?"

G. B. Bottini, father of Rosa and Adeline and husband of Mrs. Santini Bottini, all present at the seance, added this. They should have taken exercise and regular meals. It is all right, then. They were tired and nervous and it wasn't the fault of the spirits.

At 11 o'clock today Charles Santini voiced the sentiments of the group held for examination with the declaration:

"We believe in the ouija board and our faith is unshaken. The board will drive away evil spirits. Do you think we look like maniacs?"

# Council Again Refuses to Mix in Cook's Salary Fight

For the second time the City Council this morning refused to vote to remove Cook from his position in the Civil Service board and create a new position. The council's action in refusing to remove Cook from his position in the Civil Service board and create a new position, was a direct rebuff to the suggestion of Mayor John L. Davis and Commissioner W. H. Edwards on the council floor.

The question was brought before the council by Edwards in a statement claiming that Cook is ill and in desultory circumstances because of the fact that his salary has been held up in view of the question raised as to the validity of the council's action in abolishing his previous position of efficiency accountant in the Civil Service board and creating the position under control of the office of City Clerk Louis Cummings.

## MAJOR CHARGES POLITICS

"The council can remedy this situation by voting over the auditor's rejection," suggested Commissioner Edwards.

"I understand that this matter is to be voted through a suit against the city," said Mayor Davis.

"Cook has no money to bring suit with," replied Edwards.

"That phase of the issue is not before the council," replied Davis.

"This is just a question of politics," charged Edwards.

"And it was a matter of a political move purely and simply, when you voted to remove Cook from his old position in the Civil Service board and create a new position," retorted Edwards.

Commissioner Edwards' suggestion was put in the form of a motion and resulted in the opposing votes of Mayor Davis and Commissioner Edwards the measure being lost because of the recessive of some four votes to overrule Williams' rejection.

POSITION ABOLISHED

Cook was removed from his old position of efficiency accountant in the Civil Service board when the council majority, consisting of Commissioners W. H. Edwards, J. P. Morrow and J. Soderberg, abolished that position in order to create the new position of municipal efficiency expert under control of the council.

Following the council meeting, Commissioner Edwards made the statement that Cook's salary would not have been in jeopardy if he had been left in his Civil Service board position where Edwards stated he was at the command of all the commissioners.

It was rumored about the council rooms at the conclusion of the morning session that the vote on the Cook issue would probably result in the removal of H. Litter, deputy auditor, and that Cook would be appointed by Commissioner Edwards as a retaliatory measure.

# HIGH RENT TALKS ARE RELATED AT S. F. HEARING

SAN FRANCISCO, March 4.—A San Francisco woman who criticized high rents in the hearing of her landlord was penalized by an additional \$10 a month while a male hotel tenant suffered a raise of from \$27.50 to \$35 in a few minutes time, according to testimony offered here today in a hearing by the public welfare committee of the board of supervisors on the high rent problem. The hearing was to enable the municipality to frame legislation to relieve rent conditions here.

E. M. Blanford, chief of the bureau of investigation of the department of justice, appearing as a private citizen, said that his rent had been raised from \$45 to \$75 since July 1st. There was no federal statute that could be successfully invoked in the situation he said.

# LEADERS TO BAR SOLDIER AID AT PRESENT SESSION

BY UNITED PRESS. WASHINGTON, March 4.—Leaders of both parties in the House have determined to oppose any soldier aid legislation at this session of Congress, despite demands by organized service men for bonuses, vocational education, farm and home loans.

The position of these leaders is that the value of the large amount of liberty bonds outstanding would be jeopardized by the issuance of additional bonus necessary to finance any of the soldier aid programs which call for financial outlays ranging from \$2,000,000,000 to \$16,000,000,000.

The market value of government bonds now around 90 cents on the dollar, would drop down to between 75 and 80 cents and it would be necessary to make the soldier aid bonds bear 5 per cent interest. Representative Madden, Illinois, member of the Republican steering committee, and Representative Garner, Texas, Democratic whip, said today. This much of decline in the price of liberty bonds would mean a loss to the 19,000,000 bond holders of nearly \$2,500,000,000. Garner estimated.

In addition, the leaders say the program would increase the inflation of credit and send the cost of living up another notch.

## Driven Wild by Eczema

"The doctor was like a piece of liver from the knee to the ankle and bled continually," writes K. Horn of Venice, California.

"From the first application D. D. D. stopped the itching, and after using three bottles the trouble disappeared and it never returned."

The proof of the pudding is in the eating. When a prescription for skin disease has letters of endorsement from every part of the United States, it is bound to give the best results. D. D. D. relieves itching torment immediately and cures the most stubborn cases. Back guarantees 60c, 90c and \$1.00. Try D. D. D. Soap, too.

In addition, the leaders say the program would increase the inflation of credit and send the cost of living up another notch.

# BLIZZARD IN WEST CUTS OFF TOWNS

BY ASSOCIATED PRESS. LEAFED WIRE TO TRIBUNE. CHICAGO, March 4.—The worst blizzard of the winter today swept the Middle Western states, and, accompanied by a heavy fall of snow and sub-zero temperatures, moved eastward and southward, crippling wire communication and railroad traffic.

High winds drifting snow and a heavy fall of snow, cut off the west to below zero within a few hours, struck Eastern Colorado and Nebraska yesterday and today had cut off a number of towns.

Sleet and snow preceded the blizzard developments in the northwest impeding telegraph and telephone service. Weather predictions were that the severe cold in the Rocky mountain and plains states would continue today and tonight with increased intensity.

Snow storms were ordered displayed on the Texas coast, east Gulf coast from Mohit to Carabelle and on the North Pacific Coast.

Railroad service in Southwestern Colorado actually high winds that in some sections when the blizzard struck. The storm there and in Western Nebraska was reported the worst in thirty years.

Only one train had entered Durango, Colo. in eleven days and no train had arrived in Silverton in thirteen days. Railroads received reports that heavy damage had been done in the mountains by earth and snow slides and by huge boulders which had toppled over canyon rim rocks to the tracks.

Crows with snow plows were attempting to keep clear tracks on roads running to the west coast through the northern plain and mountain states, but all trains were delayed.

LINCOLN, March 4.—(By Associated Press.)—High winds that reached a velocity of from 40 to 45 miles an hour accompanied by snow and temperatures that touched as low as 6 below zero in Nebraska last night and early today slightly hampered railroad traffic and wire communication. Slight damage to telephone wires was reported.

# ROPER SAYS DRY CAUSE IS GAINING

WASHINGTON, March 4.—National prohibition is clearing jails, boosting production and increasing thrift throughout the country, according to informal reports to the government, Daniel O. Roper, internal revenue commissioner, who is charged with responsibility of enforcing prohibition, said today. These apparent economic benefits are convincing to the dry cause many former wetts according to Federal Prohibition Commissioner Kramer.

Leaders, however, charge that public sentiment is changing. For proof they point to developments of the past weeks, some of which are:

Wet voters won 195 towns in local option elections in Vermont and 33 in Massachusetts. A law legalizing the sale of beer has been passed in New Jersey where the legal alcoholic content was raised to 3.5 per cent. Federal prohibition officials were enjoined from interfering with the manufacture of 2.5 per cent beer in Wisconsin. Rhode Island asked the United States supreme court to declare national prohibition void.

New York's assembly voted to investigate the Anti-Saloon League. New York Democrats declared against prohibition in their state convention. Whisky is reported to be sold openly in large quantities in some states to disapprove the action of legislatures in ratifying the national prohibition amendment.

# NO UNIT OF GUARD UNTIL PAY ASSURED

ALAMEDA, March 4.—Organization of a National Guard Unit in Alameda will not be attempted until pay is available for National Guard troops in California. A. P. Smiley, C. E. Hickey and Hushon McConnel, committee appointed to investigate the matter, have thus reported to Mayor Frank Otis.

After a series of meetings with a committee appointed by the Commandant of Alameda Post No. 9, American Legion, the citizens' committee offer the following findings:

"After investigation of every angle and studying the local conditions we desire at this time to recommend to you that you advise the Adjutant General that Alameda does not see its way clear to organize a unit at the present time on account of the fact that Federal pay is not available to the officers and men of the National Guard of California, whereas it is available to the Guard of a great many of the other states. This on account of the fact that California has not complied with the terms of the National pay bill.

"We have been advised by the Adjutant General that at the next session of the legislature, action will be taken that will make the pay available for California troops, but as to just what date men can commence drawing pay is problematical. When this pay is available we feel that Alameda can organize a company that we can be proud of and feel that we would like to be given an opportunity to do so at that time."

Mayor Otis has the matter under advisement but has made no statement concerning future action.

# LARGENY DENIED BY CIRCUS GIRL

That Irene Johnson, alias Dorothy Nelson, former circus woman, told him she had never been to the home of Mrs. Bessie Brown, 645 Haight street, Alameda, and did not know where she lived, was testified today by Inspector J. D. Gannaw of the Oakland police. This testimony was given during the trial of the young woman before Judge Lincoln S. Church on the charge of grand larceny for the alleged theft of clothes from Mrs. Brown.

It developed during the testimony of Mrs. Brown that Bert Garrett, the accused girl's companion, had met them several times at dances, and on the Thursday previous to the robbery on Sunday, November 5, had taken Mrs. Brown and her husband home in his limousine. Admissions of Irene Johnson to him as an accomplice, said she told him she lived in San Francisco and had purchased the clothes at a rummage sale. The inspector said he subsequently found other stolen property in the apartment occupied by Garrett and the Johnson girl.

Bringing out that Miss Johnson had said she was not acquainted with court proceedings and was not represented by an attorney, Tom Johnson, counsel for the defense, cited a decision of Justice Henry A. Melvin against the admission of testimony of admissions made under the third degree and objected to the testimony of Inspector Gannaw. The objection was overruled on Gannaw's statements that no third degree methods were used.

# PART OF STREET WILL BE CLOSED

The City Council this morning ordered City Engineer Marston Campbell to prepare proceedings for closing East Eleventh street, between Twentieth and Twenty-ninth avenues, at the request of Commissioner of Streets William J. Baccus. The recommendation was made when no protests were filed to the application of the H. G. Prince company asking for the closing of the thoroughfare.

A resolution was also adopted ordering preparations for the improvement of Ninth street, between Clay and Jefferson streets.

Protest of property owners against the improvement of Twentieth-first avenue, between East Twelfth and East Fourteenth streets, were overruled and the work ordered started.

Petition was filed with the council by C. C. Behrendt to have excepted from the residence zone a piece of property in Nineteenth avenue, near East Fourteenth street, on which it is planned to erect a coal yard. The application was referred to Commissioner of Public Health and Safety F. F. Morse.

The Council finally denied the application of A. T. Chick to permit to erect a garage in Third avenue at East Twelfth street. The protest of property owners, filed several weeks ago, was renewed, but Chick made no appearance.

At that time I shall have served nearly fourteen years as judge, nine years as an assistant to the attorney general, and four years as district attorney—twenty-six years in preparing legal opinions. "Let us all be just Americans again," he shouted. "We must zealously guard the right of assembly and free speech. This is especially true since the free press has become almost a thing of the past in the East. In many localities, and to a great degree, it is no longer functioning as an agent of democracy."

## Trial As Communist for Lloyd, Millionaire

CHICAGO, March 4.—William Bros Lloyd, millionaire sergeant-at-arms of the Communist Labor party, and fifteen other communists must stand trial on indictments recently returned charging them with conspiracy to overthrow the government by force.

Judge Oscar Hebel yesterday denied a motion to quash the indictments, which the defendants claimed were faulty, as the broad charge of conspiracy did not make any specific allegation as to the form or method to be used.

# WOODCOCK CASE AGAIN CONTINUED

SAN FRANCISCO, March 4.—The trial of Mrs. Alice Harris Woodcock charged with murder, today was continued until March 23 to be set, over the protest of Assistant District Attorney Isadore Golden, in Superior Judge Louis Ward's court. When the case was called, Senator William Kehoe, representing the defendants, asked for the continuance.

In opposing this Golden declared that all continuances so far had been granted at the request of the defense and that the people should be given equal consideration and asked that the case go over one week.

The case was continued upon the representation that in all likelihood another charge is to be preferred against Mrs. Woodcock as a result of the grand jury investigation of the case given by her at the time of her arrest when Edward Kelly was shot by her husband, Edgar Woodcock, who is now a fugitive from justice.

# COWLES FEASTED BY OLD FRIENDS

SAN FRANCISCO, March 4.—Paul Cowles, who has returned to San Francisco to assume his old position of superintendent of the Associated Press for the Pacific Division, was the honor guest at a luncheon given yesterday at the University club by Robert Newton Lynch, vice-president and manager of the San Francisco Chamber of Commerce.

A few of Cowles' San Francisco friends were there to congratulate him and welcome him home after an absence of more than ten years, during which he has superintended the Associated Press service at Atlanta and Chicago. Among those who greeted Cowles were Fred Dohrmann Jr., J. J. Arnold, Stuart F. Smith, Lawrence B. Harris, B. F. Schiesinger, James J. Fagan, George C. Boardman, Willard Drown, H. Clay Miller and Edgar T. Cutler.

Cutter is now superintendent of the Associated Press service for the Pacific division and he will return to his old post at Chicago.

Cowles said that he was frankly happy at being able to resume his residence in San Francisco. He said he knew he was heading into a great deal of work in connection with the forthcoming National Democratic convention.

"But," he added, "I am ready for the big game. I know that my fellow citizens of San Francisco will help the Associated Press to do its part toward seeing that San Francisco creditably acquits herself of the first national convention she has ever entertained. San Francisco looks more lovely to me now than ever before and I hope now I will have to leave her again."

Cowles was for many years local superintendent of the Associated Press. He was in charge of the service here during the great fire of April, 1906, and the burden of handling the news of that world event was largely upon his shoulders. He was later transferred to the Atlanta jurisdiction, and after remaining there three years he was promoted to the central service at Chicago.

## Take New Steps for Vallejo-Benicia Line

VALLEJO, March 4.—Vallejo and Benicia joined hands today in a new effort to secure a railroad between the two cities. Efforts in this direction were turned down by the United States Railroad administration. With the return of the roads to private ownership prospects are again declared bright for securing the line. A conference of citizens of the two towns is soon to be held. It is planned to urge the Southern Pacific to build the road.

INFLUENZA DECREASING  
BERKELEY, March 4.—Continued decrease of the influenza epidemic in Berkeley was reported today by the health authorities with but 17 cases yesterday and five this morning, a total of 1504 in all. If precautions are continued to be taken Dr. Robert Hector, health officer, believes the worst of the epidemic is over.

# Chinese Says War Tax Paid On Lottery Prize Tickets

Fook Sook, charged with selling lottery tickets at his place of business, 328 Seventh street, was found guilty by Judge Samuels today. Sentence was deferred until Saturday.

During the trial, a curious intermingling of Occidental acumen and Oriental poetry in the conduct of the lottery games came to light.

"How do you work this game?" demanded Prosecutor Hennessy.

"Velly simple," replied the bland Fook Sook, who then entered into an intricate description of the significance of various spots and characters on the lottery tickets, which were before the court as evidence.

"And if I drew the nine-spot, I would get \$30 from the lottery?" asked the prosecutor.

"No, no, eighty-one dollar," you would get.

"But I thought you said the ten-spot was \$30," insisted the prosecutor.

"Ninety dollar, yes; but you see we have to take nine dollar out for war tax. War-tax him ten per cent."

"Oh, I savvy all right," said Hennessy.

"I thought the Scotch were there when it came to being pennywise, but I'll take off my hat to Fook Sook," commented Bailiff "Bob" Forgie.

The lettering on the lottery ticket was then read in court, and proved to be a philosophical Chinese poem.

SWISS MINISTER  
SAILS IN HUFF

WASHINGTON, March 4.—High diplomatic and social circles in Washington, which for days have been buzzing over an acrimonious controversy between two of their members, learned today that all the facts have been placed in possession of the State Department. The parties to the controversy are Hans Sulzer, Swiss minister to the United States, who has sailed for home, and Edgar W. B. Lamar, distinguished member of the Lamar family of Georgia.

No points of international law are involved, but from the diplomatic point of view it is no light matter when invidious comparisons are made between a foreign diplomat and a "common fly," as set forth in some of Lamar's communications to the minister. And it is equally serious, according to foreign diplomats, when a foreign diplomat's private life is made public.

John Meyer, an employee of the Broadway garage, is a kilted man, so tall, in fact, that he is called a "kilted man" to the wiles of two such thieves.

Entering the garage last night, he asked for the man in charge. Meyer admitted that he was boss just then.

"A lady is in a car outside and she wants to see you," she asked us to step inside and tell you. This spoke the leader of the two thieves.

Two minutes later Meyer came back. He had not found the woman. Meyer's men to the cash register and found it open and the money gone.

No Action Taken to  
End Phone Strike

No action toward ending the strike of members of Local No. 233 of Oakland of the International Brotherhood of Electrical Workers against the telephone company was taken at the regular meeting of the union in the Pacific building last night and Jefferson streets last night.

According to R. E. Swain of the district council of the electrical workers' union the matter of ending the strike was not discussed. Swain says that reports that the Sacramento union had called off the strike, received by the union by telegram could not be verified by long distance telephone to Sacramento union officials.

Man Is Great-Grandfather  
By Adoption at 38, He Says

When John T. Brown was 26 years old he married a woman who was a grandmother and twenty years older than himself, according to his testimony before Judge J. J. Trabucco today in his suit for divorce from Mrs. Mauda Brown. He said he adopted her three grandchildren and supported them until they were grown and married, and that for the last five years he has supported the child of one of these grandchildren. Thus he became a great-grandfather, by adoption, at the age of 38.

Brown, who was formerly night

foreman for the Key Route, said his wife handled all the money and often embarrassed him before others by demanding to know, when he asked for as little as 15 cents, what he intended to do with it. He said he sometimes took a drink to prevent him from catching cold when returning home wet and cold in the morning, and that he scolded him when he "needed sympathy and consolation instead of abuse."

They lived at 1721 1/2 Felton street, Berkeley. Brown was granted an interlocutory decree.

MAY TRY \$30,000  
FEE CLAIM AGAIN

The \$30,000 fee which George Sessions has won in court from the Pacific Improvement and Oakland Waterfront companies for services in negotiating the sale of the Liberty shipyard will not be paid until decision is reached as to whether the case will be taken to the District Court of Appeals.

Sessions was given the verdict by a jury in Judge Dudley Kinne's court yesterday. He charged that the corporations had employed him on a 3 percent basis and that they had refused to pay. It was the contention of the defendant corporations that Sessions had ceased to be their representative before the deals were consummated. M. C. Chapman, Jas. E. Peck and Alan C. Van Fleet represented the shipyards, while Gorrill & Trowbridge and Cushing & Cushing appeared for Sessions.

MILLION ASKED  
BY MILLS OF  
ROCKEFELLER

An organized effort to bring back to the west some of the wealth that came from California's oil fields, has been started by Mills College. Since 1902 the General Education Board, founded by John D. Rockefeller, has distributed \$15,000,000 to 113 colleges and universities.

With the exception of a small appropriation to Pomona College in southern California and small institutions in Washington and Idaho, all of this money has gone to eastern and middle western schools. Rockefeller gave an additional \$500,000 to this fund January 1. Mills College has asked for \$1,000,000 of this fund.

NEW YORK, March 4.—The \$2,000,000 will of Mrs. Rosa E. Spange, late widow of a Pittsburg steel millionaire, was declared void when a jury returned a verdict today that when she signed the testament Mrs. Spange was of unsound mind.

The will was contested by a daughter, Mrs. A. H. Crome, and a son, A. H. Crome, of Copenhagen, Denmark.

OAKLAND TO BUY  
WAR MACHINERY

Arrangements for the purchase of a large quantity of unused machinery from the government at a saving of practically \$100,000, have been completed by the board of education and the deal is being closed by Secretary Lloyd D. Barzee of the board. The machinery is to be used to equip the Fremont high school, the proposed new East Oakland high school and the Vocational high school manual training departments.

Purchase of the machinery desired through the usual channels would mean an expenditure of between \$100,000 and \$125,000. Under action just ratified by the board the machines will be bought from the government, which contracted for them during the war and was prevented using them by the armistice, at a price not to exceed \$20,000.

In making further preparation for the opening of the school building program, the citizens' board expenditure committee and the school board building program committee have finally consummated the contract with Superintendent of Streets Martin Campbell as chief of construction, and have adopted a ruling that only 8 percent of the money received by the sale of the recently vacated bonds shall be set up on the books of the building department as a budget for operating expenses of the building organization.

## DANCING FEATURE TO APPEAR AT ORPHEUM

Orpheum patrons will do well to reserve their seats in advance for the new program scheduled for next week—with the Marion Morgan dancers as the featured offering. Dan Bruce and Margot Duffet and company will offer their laughable travesty, "Through the Keyhole." Mario La, the famous poseuse, will present a new series of artistic poses entitled "Art Studies," one of vaudeville's prettiest offerings. Harry Jolson of Oakland, brother of the famous and inimitable Al, will present a new repertoire of black-face songs well interspersed with comedy. Hubert H. Kinney and Corinne, with Tom Tucker at the piano, will present one of the smartest dancing diversions of the present season. Kennedy and Nelson, the two speed boys and the Jack Hughes duo, versatile instrumentalists, will complete the regular vaudeville bill. A new Fox weekly, a Christie comedy and an excellent musical program under the able direction of Leon Kowalski will complete the new show.

## "MAYTIME" TO APPEAR AT YE LIBERTY THEATER

"Maytime," the "play with music," which broke all records for theater attendance in New York, comes to the Liberty tomorrow night. The play is famous around the world, due to the hauntingly pretty "Will You Remember?" song which has gained enormous circulation on phonograph records and piano copies. The play is in four acts, or episodes, and employs the talent of 65 persons, including an attractive chorus. It is rich in its costumes and settings and true in every detail to the widely varying periods of New York life it depicts. "Maytime" plays Friday and Saturday, with a Saturday matinee, and will be followed on Sunday evening by Kolb and Dill in "Wet and Dry."

## FULTON PLAYERS APPEAR IN "THE SILENT WITNESS"

"The Silent Witness," a gripping story of a girl who becomes involved in an unfortunate romance and whose death rests on trial for murder. The play scheduled for next week creates a sensation in New York, and is the play in which Jimmy Gleason, one of Oakland's favorites, scored his big hit when it was produced at the Lyric Theater in New York last fall. "The Silent Witness" now playing at the Fulton, is a gripping story of a girl who becomes involved in an unfortunate romance and whose death rests on trial for murder.

## "SOLDIERS OF FORTUNE" AT THE KINEMA

The romance of a young engineer who, with dauntless grit, builds a railroad in Central American deserts, down a revolution and finds his life's happiness in the turmoil of strife and adventure is vividly visualized in "Soldiers of Fortune," playing this week at the Kinema. Norman Kerry, Anna Q. Nilsson, Pauline Starke and Wallace Geary are supported by a strong cast. A special atmospheric prologue introduces the story, followed by "Monkeylands," a hilarious comedy. Mutt and Jeff cartoon and a Burton Holmes travelogue.

## "MIND THE PAINT GIRL" IS T. AND D. ATTRACTION

Anita Stewart's name to conjure with—and Conway Tearle—a name that in the bare mention will cause a shiver of excitement to be heard both at the T. and D. theater today and the balance of the week in "Mind the Paint Girl," a fast-paced, intimate glimpse of life behind the scenes. The story is that of the life of the chorus girl behind the scenes and the rise in a night of one of their number to fame. Anita Stewart is one of that number. The program also boasts Margarita Fisher in "The Hellion," Vaudeville brings Central American deserts, down a revolution and finds his life's happiness in the turmoil of strife and adventure is vividly visualized in "Soldiers of Fortune," playing this week at the Kinema.

## AMERICAN FEATURES "THE SAGEBRUSHER"

"The Sagebrusher," Emerson Hough's famous tale of pioneer days, is the attraction of the week at the American. On the same bill is a striking story of a woman's gamble, with honor as her stake, against heavy odds, "Wit Wins," featuring Florence Billings. Marguerite De La Motte stars in the Hough offering. The play is taken from the Saturday Evening Post story; later a novel sold in book form. It is a story of love and sacrifice. Booked for next week, The American management announces another Will Rogers feature. The creator of "Folio" will be seen in "Water, Water Everywhere."

## "THE LOVE SHOP" PROVES SUCCESS AT COLUMBIA

"The Love Shop," at the Columbia Theater, is proving one of the big drawing cards of the season. With three comedians as support, the plot involves the disappearance of a bottle of love elixir compounded by an ancient scientist. The travels of the bottle and the adventures it has in strange places keeps the audience in an uproar. Solly Carter, Ed Gilbert and Ira Robertson are cast in the comedy. Miss Lilyan Mason has the chief comedienne role. The play is worth its excellent leading role and Norma Leslie gathers new honors unto herself as the ingenue.

## SOPHIE BRASLAW WILL PROVE A SENSATION

The fans of Sophie Braslaw has preceded her and Oaklanders are eagerly awaiting her first and only appearance in this city. The attraction of the Artists' Concert Series, at the Oakland Auditorium Opera House, Monday evening, March 8, under the direction of Miss Z. V. Potter, when the captivating first contralto of the Metropolitan Opera House, and the first of the Chicago Opera Company will offer a typical song recital such as have brought her superlative recognition as one of the finest vocal artists now before the concert public.

## FRANKLIN PRESENTS DOROTHY DALTON PLAY

In "Black Is White," Geo. Barr McCutcheon's sensational novel now playing at the Franklin, Dorothy Dalton has the most unique and effective role in her career. She plays three divergent roles with a characterization that is a model of screen acting. The dramatic situation of a woman marrying a man of her own hand and adopting her own son provides the picture with unusual suspense and novel complications. Broken by a special C. R. tie comedy, a Silly Hat Harry cartoon, an interesting News Weekly and a Pathé are also on the pleasing program.

## BROADWAY FEATURE IS "BLIND HUSBANDS"

"Blind Husbands," the Stromheim play, written and acted by the star and one of the most talked of pictures of the year, is treated for a two-day run at the Broadway. Candid in its treatment of the theme, the pitfalls which confront neglected wives, "Blind Husbands" is an exposé of the temptations that are within easy reach of the woman who has married a man who is "too busy" to give her the same pleasures accorded by the tempter.

## Today and tomorrow's program is doubly attractive because of the presence of Constance Talmadge in "The Virtuous Vamp."

In addition to the regular vaudeville bill at the Pantages this week, Alexander Pantages is trying the experiment of a first-run feature comedy film with such noted stars as Sophie Tucker, Johnny Doolley, Gilda

## EAT LESS MEAT IF BACK HURTS

Take a Glass of Salts to Flush Kidneys if Bladder Bothers You.

Eating meat regularly eventually produces kidney trouble in some form or other, says a well-known authority, because the uric acid in meat excites the kidneys, they become overworked; get sluggish; clog up and cause all sorts of distress, particularly backache and misery in the kidney region; rheumatic twinges, severe headache, stomach, constipation, torpid liver, sleeplessness, bladder and urinary irritation.

The moment your back hurts or kidneys are acting right or if bladder bothers you, get about four ounces of Jad Salts from any good pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush clogged kidneys and stimulate them to normal activity; also to neutralize the acids in the urine so it no longer irritates, thus ending bladder disorders.

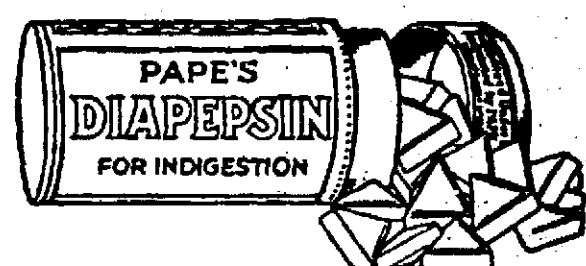

Jad Salts cannot injure anyone; makes a delightful effervescent lithia-water drink which millions of men and women take now and then to keep the kidneys and urinary organs clean, thus avoiding serious kidney disease.—Advertisement.

Grey, world's champion shimmy dancer, Martha Mansfield and the Ziegfeld Beauty Brigade in "Some Mind Readers." There are seven vaudeville turns on the Pantages bill this week and they include such standard acts as Mlle. Henriette De Serres and her fifteen art models; Bud Snyder and company in a sensational comedy act; Ward and Kling comedians; Austin Gots and Fay Duffy, Eldridge, Barlow and Eldridge, Bert Stoddard in "The Forgetful Teacher" and the three Mori Brothers, acrobats. Next week the principal headliner will be "The Brazilian Heiress," a big girl act, with Miss Frankie Kelcey and a dozen chorus girls.

## SOLOELLE

The Tone-Coloring Solo Player Piano

"I have listened to the SOLOELLE. The human element with which its makers have endowed it far surpasses imagination. To say that I was pleasantly surprised would be putting it mildly. It is indeed a masterpiece of mechanical skill."

Mabel Riegelman

The superiority of the SOLOELLE is acknowledged by all who hear it.

When you hear the SOLOELLE you, too, will be astounded—you will realize that the seemingly impossible has actually been accomplished—that the SOLOELLE removes every possible objection you ever had to a player piano.

The SOLOELLE is the only musical instrument in the world with which one without technical training can produce real music according to his musical emotions.

The SOLOELLE will give you musical pleasure that no other player piano can even begin to equal.

## There are Two Reasons:

### First

The Soloelle is the only player piano that affords complete and unrestricted control of Melody and Accompaniment separately.

### Second

The Soloelle is the only player piano that affords control of the tone-color—the kind, quality, or character of tone as distinguished from quantity of tone (tone gradation).

# Vicious Case of Eczema Cured

Submitting herself to the embarrassment of public knowledge of her condition that others may profit by her experience, Mrs. C. Hawkins, who suffered from a terrible case of eczema, has written an interesting letter in praise of the celebrated Sing Herb Specialists' famous herb cures.

Demonstrating the sincerity of her purpose in trying to help others afflicted with the disease which tortured her for many months, before she was cured by the Sing Herb Specialists Mrs. Hawkins has offered to answer all inquiries and letters from interested persons.

Her letter follows:-

"To Whom It May Concern:

"Five months ago I was attacked by a vicious case of eczema which disfigured my face, poisoned my blood, sapped my strength and kept me in constant agony. For five months I treated with local physicians and tried every conceivable remedy—without success. Finally, when everything else had failed, I commenced treating with The Sing Herb Specialists. I have been cured completely. My face has cleared. My blood is pure. I have regained my weight, increasing from 93 to 121 pounds in a very short time. I feel like a new person.

**"I will gladly answer any letters seeking information about the wonderful Sing Herb Remedies or talk with interested parties by telephone. Call Oakland 4091. I feel that word of your work should be spread abroad."**

Presentation of The TRIBUNE pennant and trophies to the All-Stars, winner of the Midwinter League sponsored by The TRIBUNE is shown in The TRIBUNE-T. and D. News Weekly at the T. and D. theater this week.

Individual members of the team are shown in the scenes. Who says Oakland "bushers" can't play ball? **Owners Responsible for Garbage Dumping**

As a result of recent complaints against the dumping and burning of garbage along Peralta street, property owners are to be warned that they will be held responsible for the use of their property in connection with an order issued from the office of Commissioner P. F. Morse, who was asked by the City Council to investigate the situation.

The issue was laid before the council by Colonel John P. Irish in a protest against the nuisance caused to residents of the West Oakland district. In a reply to the letter by Colonel Irish, Commissioner Morse submits a legal opinion declaring the dumping of garbage in such a manner illegal, and advises that a complaint be sworn to.

**CANDY FACTORY BURNED.**  
HASTINGS, Neb., March 4.—Fire, thought to have started from the heating plant, today destroyed the plant of the Hager Candy Company and the H. B. Berley storage house. The loss is close to \$200,000.

**HOUSEWIVES OF EASTBAY INCORPORATE**

The Housewives' League of California, organized last month in the city hall of Oakland at a stormy session from which delegates of Oakland and Berkeley bodies withdrew, later failing to ratify the action of the convention, yesterday in San Francisco filed articles of incorporation with County Clerk Mulgrew. That some such action would be taken has been rumored for several weeks.

The present board of directors is announced as follows: Mrs. Frances S. Emery, Oakland; Mrs. Rebecca Hubbard, Oakland; Mrs. Lucy M. Kalas, Oakland; Mrs. Lila H. Emery, Berkeley; Mrs. Lena Walquist, Alameda; Mrs. L. P. Boyce, San Francisco; Mrs. T. F. Loughren, San Francisco; Mrs. Ethel Wells, Richmond; Mrs. Grace Mallory, Richmond; and Mrs. Clara J. Wilson, Richmond.

Stimulation of production of food, efforts to bring producer and consumer into closer relations and elimination of the middleman and enactment of legislation to the combating of higher costs of living are the purposes of the organization, according to the plan of the league. It is stated that membership is open to all persons, with annual dues fixed at \$1.

Organization of the first local auxiliary to the state body on this side of the bay was undertaken this afternoon in Fruitvale, Mrs. S. F. Emery in charge of the campaign. She and Mrs. L. P. Boyce, members of the California federation, at recent business meetings Oakland and Berkeley Leagues refused affiliation with the state body. Last week the San Francisco League adopted resolutions, not only refusing ratification of the state organization, but further giving notice that none of its members were members of the California Housewives' League.

Membership rolls are being made up in both Oakland and Berkeley for local organizations which shall be auxiliary to the state body.

# A new way to shave

without Soap—Brush—or Lather

If you look on shaving as a task, try the new way to shave. Thousands of other men like you tried it. They went to their druggist and bought a tube or jar of EZONALL. They followed the simple directions carefully. And now they have discarded the brush, soap, and after-shaving lotions. They find that an EZONALL shave is quicker, easier and pleasanter

**EZONALL**

TRADE MARK

A PERFECT SHAVING CREAM

If you are sceptical about such a simple, easy way to prepare your face for shaving, remember that thousands of men were like you. But they felt that science would some day give the shavers of the world something to replace the old harsh way. It has come. It is called EZONALL.

No matter how tender your skin or how stiff your beard, EZONALL will soften it in a jiffy. It is beneficial to even the tenderest skin.

Read how EZONALL eliminates the unsanitary brush and mussy lather. Learn how it also takes the place of after-lotions. Then decide to give it a trial.

Compare the new way of shaving with the old way. You will never go back to those slow, harsh, irritating ways.

Simply wet the face well. Then gently apply some EZONALL on your finger tips. But do not rub it like a lather.

Then shave. If you want a "twice over" merely wet the face again. Do not apply more EZONALL. Then shave with real comfort.

After shaving, be sure to rub the face well. The effect is almost unbelievable. Your face will feel as if it had been massaged. It feels cool, soothed and refreshed.

EZONALL Shaving Cream is sold by good drug stores, department stores, high class barber shops and toilet counters, in 50c. tubes and \$1.00 jars. If your dealer can't supply you, order from us direct.

The Ezonall Products Company  
451-455 Mission St., San Francisco

Ezonall experts will be at The Owl Drug Stores this week. They will tell you about the new way to shave.

**Urge Prosecution of Disloyal "Reds"**

Vigorous prosecution of disloyal "reds" is asked by the California Manufacturers' Association through its official "Service Bulletin." In the current number, J. R. Miller, president of the association, declares that Alameda county is taking the lead in stamping out disloyalty and approves recent convictions here.

He calls attention to the fact that Oakland has stopped the sale of "The Liberator" and says that the association is directing the attention of the police in other cities to its suppression. The Bulletin also announces that George A. Arns, president of the Moore Shipbuilding Company has been appointed a director to succeed O. H. Fischer who resigned in December.

**Monthly Meeting of County Beekeepers**

The birch trees were supplied by mixed majors (classes containing both boys and girls). The shrubs by boys and the wisteria, roses and ivy were donated by the girls.

The School Improvement Committee, appointed by Principal P. M. Plummer, includes Mrs. Blanch Chamberlain and George Crony, faculty members, and two students, President Joe Shaw and Secretary Edna Cowdry.

## MARTINEZ IN MOVE TO GET W. P. BRANCH

MARTINEZ, March 4.—Efforts to have the Western Pacific Railroad establish a branch line from Livermore to Martinez and make this city a cross-bay terminal, abandoned two years ago because of the war, were revived today by the Chamber of Commerce. President H. H. Wright announced that he was endeavoring to secure a survey of the road and would place the proposal before Charles M. Levey, president of the Western Pacific, who is now in San Francisco. Levey, prior to the entrance of the United States into the war, promised a survey of the county for establishment of the road, but with the passing of the railroads to government control the plan was abandoned.

The route suggested by the Chamber of Commerce would follow the San Ramon and Pleasant Hill valleys. The chamber is confident that such action will be taken by the Western Pacific, as the company recently announced its stockton line to Byron. An effort will be made to have President Levey and other officials make a personal survey of the proposed line.

Prior to the war officials of the company represented to President Wright that they were anxious to establish the line to secure the trade of the Sh. Oil company and other bay industries.

## PACIFIC COLLEGE SITE UP TONIGHT

SAN JOSE, March 4.—The question as to whether the College of the Pacific will be removed from the city to some other California city will probably be determined at a meeting of the board of trustees which has been set for this evening at the Methodist book concern rooms in San Francisco.

Among the cities which have already submitted propositions for the removal of the Methodist college from San Jose are Santa Cruz, Redondo, Stockton and Turlock. There have been rumors in circulation that Oakland will also submit a bid for the college.

The trustees who will decide the fate of the college number thirty and are appointed by the California conference of the Methodist Episcopal church. Dr. Tully C. Knoles, president of the college, was uncertain as to whether final action would be taken on the various bids tonight.

The sole purpose of the meeting of the trustees, however, is to discuss the removal question, he stated.

One More Bed ---without one more bedroom

Most women prefer living in as small quarters as will meet the daily requirements of their families. It saves the work of a too large house or flat. Yet there are times when an extra bed is needed for a nurse, an unexpected guest, or a relative who comes to visit.

The bed davenport solves this problem in an increasing number of homes. It works twenty-four hours a day, if you wish. There's no inconvenience in making it up anew each day, either, as the mattress and bedding fold into it neatly when the bed is not needed.

The Nufold bed davenport illustrated is in solid fumed oak, upholstered in a good quality of imitation leather. It is priced here at only

\$75.00

Terms \$7.50 down and \$7.50 monthly.

POLICE JAIL  
SUSPECT IN  
HOLDUP CASE

Thought by the police to be one of the daylight robbers who late yesterday afternoon held up and beat E. A. Silvernail, a coal dealer at 4206 Telegraph avenue, Leslie Dearsdorff, 27, son of a former Oakland policeman, is held in the city prison today for investigation in connection with the robbery.

Dearsdorff was captured last night on a College avenue car by Captain Charles Bock of the northern police station, Corporal Cox and Patrolman Goodwin. Immediately following the robbery, the police sent a large detail of men to the scene. Acting upon the clue furnished by pedestrians who had seen the robbers run from the coal yard and board a street car, all cars were intercepted and searched.

Boarding the south bound College avenue car, Bock and his two men saw Dearsdorff in one corner. According to Bock, the man has a long police record. He was taken into custody on suspicion. When searched a loaded revolver was found in his hip pocket.

He was taken back to the office of Silvernail, who has just recovered consciousness after he had been snugged on the head with a black-jack by the robber. He could not positively identify Dearsdorff as the man that hit him, although he said he answered his general description.

Dearsdorff had been in the employ of Silvernail, and was familiar with the office and was also aware that Silvernail was in the habit of keeping large sums of money.

Silvernail this morning is suffering from a severe laceration of the scalp inflicted by the blunt instrument wielded by the robbers. He says \$150 in money, several Liberty bonds and a number of checks were taken.

Dearsdorff was found guilty by Police Judge Morlimer Smith this morning on the technical charge of carrying concealed weapons. He was then remanded to the city jail for further investigation.

**SMITH MEANT WELL, BUT HE'S SORRY HE DID IT**

ONTARIO, Calif., March 4.—A. T. Galloway, a rancher, did not say very well last night, and when he was turned away from all the hotels because they were full he made a loud plaint. Jesse Smith heard Galloway's call and extended a helping hand by permitting the latter to occupy his hotel room with him. This morning Galloway felt worse and the doctor said he had smallpox. Galloway is in the isolation hospital, and Smith is nursing a new vaccination and wondering about the future.

**Man to Be Tried on Grand Larceny Charge**

John Vardino, a waiter in a Fifth avenue cafe, was taken into the police court of Judge George Samuel this morning for examination on a grand larceny charge in connection with the alleged theft of a fur valued at \$150. Judge Samuel ruled that the evidence in the case warranted a trial before the Superior Court and held Vardino to answer. Commitment was postponed until tomorrow pending bond negotiations on the part of Vardino's attorney.

Vardino maintained that he had found the fur on the street.

Beautiful Girls from Over U. S. Will Dance;  
Mills Students' Kermess to Be Colorful

MISS GENEVIEVE ANDERSON, a Denver girl registered at Mills College, will have one of the leading dance parts in the coming Kermess on the campus there. She is shown in this picture, together with one of the ensemble dancing groups of the fete.

Youth and Grace to Feature  
Pageant Scheduled for  
Saturday Afternoon.

Youth and grace and beauty will mark the dances of the nations and the ages which will assemble the throngs in the municipal opera house Saturday afternoon and evening to participate in the Kermess, the colorful spectacle which students of Mills college, under the direction of Miss Elizabeth Stoner, will present. This afternoon the motion camera, is catching the loveliness of the dances which throughout the United States will show how California girls sport under March skies. Tomorrow the final dress rehearsal will be held, adapting the beautiful mazes of the dances which have been mastered under the trees on the campus, to the indoor setting.

Scores of beautiful girls assembled from almost every base in the union are cast in the parts which will offer in swift moving and brilliantly colored pageant the dances of the world. Greece, Arabia, Japan, Ireland, England, Spain, Rumania, the old south, have been combed for the unique steps which will contribute to the whole scheme of the Kermess. Rumania, has brought an original dance which has not before been offered in the west, learned by Miss Stoner from a native in exchange for his mastery of the fox trot.

The annual extravaganza has heretofore been presented at Mills college. It is designed to demonstrate the work of the physical department in one great, gorgeous picture of color and motion. The directors decided that this year they would offer the Kermess in Oakland that the great numbers of those who have been disappointed in obtaining admissions might be accommodated.

Classes Dismissed in Night  
High School, No Money Is  
Cause; Students Would Pay

Lack of funds to maintain the night high schools of the city at their former standards has caused the Board of Education to reduce by a large percentage the number of classes maintained therein, and to dismiss from the schools more than a half of the pupils. The first cut was made a week ago, but it was given out by the school board that further reductions were not expected. Last night, however, a still larger number of classes were permanently dismissed.

The heaviest cuts have come at the Technical evening high school. Americanization and shop-work classes are now about all that are left there. At the Oakland evening high and the Continuation evening high almost as heavy cuts have been made.

Assistant Superintendent L. B. Avery declared this morning that the closing of property which is a necessity. He declared that registration in the day schools had been unexpectedly heavy, more teachers had had to be hired and the evening schools in consequence had to suffer.

SCHROEDER  
WILL RUSH  
BOND PLANS

With the appointment by Jesse Robinson, chairman of the special war memorial and recreation committee, of Harry C. Schroeder, secretary of the Rotary Club, to act as campaign manager for the bond election for the war memorial and recreational project, which is expected to go before the people at the presidential primaries in May, work on the proposition will be rushed toward the completion of plans, the committee announced today.

Schroeder was chairman of the Four Minute men, and was the successful director of the foreign departments of five Liberty Loan campaigns. He will take up his duties tomorrow when he will confer with the special committee at a meeting to be held in the offices of Alexander Stewart, head of the Community Service, in the Hotel Oakland.

Robinson also announces that following the meeting Friday and a conference Saturday morning, a subcommittee of twenty-five will be appointed from which will be appointed various special committees as aviation, speakers, women's committee and others.

That Oakland should be the possessor of a pipe organ and a building similar to the one at San Diego was the opinion expressed today by Stewart, a member of the special committee appointed by Mayor John L. Davis. He asserted that after conferring with organ builders and architects he found that such a structure and instrument could be installed at a nominal cost. The matter will be taken up by the committee at the meeting Friday.
